DETAILED ACTION

Claim Objections

1. Claims 22, 25, and 28 are objected to under 37 CFR 1.75(c), as being of improper dependent form for failing to further limit the subject matter of a previous claim. Applicant is required to cancel the claim(s), or amend the claim(s) to place the claim(s) in proper dependent form, or rewrite the claim(s) in independent form. The claims all depend on claim 1 and require the first fluid is within the N_1 channels of the first kind and not within the N_2 channels of the second kind, and wherein the second fluid is within the N_2 channels of the second kind and not within the N_1 channels of the first kind. Claim 1 requires this same structure, therefore, claims 21, 22, 25, and 28 fail to limit claim 1 from which they depend.

Claim Rejections - 35 USC § 112

2. The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.

3. Claims 17, 19, 20, and 22-29 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

Claims 17 and 24 contain typographical errors that render the claims indefinite. Specifically,

Claims 17 and 24 should be amended as follows ...wherein three consecutive rings of the I rings are denoted as rings R_K , R_{K+1} , R_{K+2} and are arranged in an alternating pattern such that either rings R_K and R_{K+2} are rings of the first type and ring

$[[R_{K+2}]] \underline{R_{K+1}}$ is a ring of the second type or rings R_K and R_{K+2} are rings of the second type and ring $[[R_{K+2}]] \underline{R_{K+1}}$ is a ring of the first type, subject to K being selected from the group consisting of 1, 2, ..., and $I-2$.

Claims 22, 25, and 28 recite the limitations "the N_2 channels of the first kind".
There is insufficient antecedent basis for this limitation in the claim.

Allowable Subject Matter

4. Claims 1, 3, 4, 6, 8, 9, 11, and 11 are allowed.
5. Claims 17, 19, 20, 23, 24, 26, 27, and 29 would be allowable if rewritten to overcome the rejection(s) under 35 U.S.C. 112, 2nd paragraph, set forth in this Office action.
6. The following is an examiner's statement of reasons for allowance: the Examiner agrees with the arguments presented by the Applicant in the remarks filed December 5, 2007, specifically pages 15-17.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
